# The audiometer

**655g of concentrated knowledge**

**Unique design:** Compact and designed to support your needs.

**Connectivity:** The vast connectivity possibilities make it the natural central point of the fitting solution.

**Under desk mounting:** Mounting the audiometer with the built-in Hi-Pro 2 under the desk helps tidy up cabling and provides convenient access to the Hi-Pro plugs.
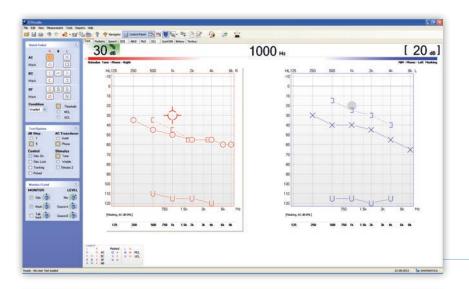

Aurical® Aud is the world's only true fitting audiometer. It integrates an audiometer, counseling tools, power amplifier, USB hub and optional Hi-Pro 2 with High Speed Mode in a modern, ultra-compact design. It's a complete, portable audiometer that offers outstanding flexibility. It is designed to fit into all kinds of environments, inside and outside your clinic.
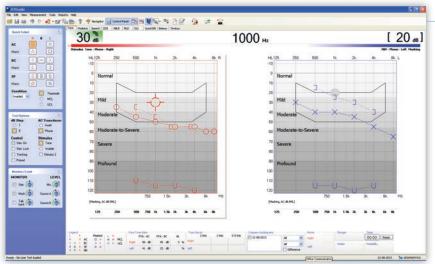

The audiometer is easy to use too. The exceptionally intuitive Otosuite® interface has an on-screen control panel and easy-to-access User Test functions that can be customized to suit individual needs. It ensures fast operation and consistently accurate results.

High quality sound is important for your fitting results. The unique RoomTune™ functionality turns Aurical Aud into a compensated sound system allowing you to present more accurate and reliable sound from your fitting modules.
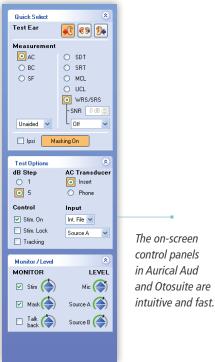

## THE FACTS

- AC, BC and SF audiometry (built-in power amplifier)
- Tone audiometry testing up to 12.5 kHz, including FRESH noise™
- Loudness Scaling (optional)
- Integrated speech material
- SAL, TEN, QuickSIN tests (some optional)
- Masking assistant
- Sound adjustment with RoomTune™
- Built-in USB Hub
- Optional Hi-Pro 2 w/ High Speed Mode
- Otosuite with User Tests
- Intuitive on-screen control panel
- One-click data logging
- Selection of report templates

*Various view options allow you to choose what is best for you and your patient. Go from simple to advanced view in 2 mouse clicks.*

*Otosuite® lets you administer your preferences easily. Make the settings once and save as User Tests for later. Share your User Tests with your colleagues and make Otosuite ensure a smooth and efficient way of working.*

*The on-screen control panels in Aurical Aud and Otosuite are intuitive and fast.*

# The Aurical family

## Fully integrated with Otosuite

The Otosuite® software integrates all the elements of Aurical®. It's intuitive, easy to learn and easy to use. It supports the entire client journey, from diagnostics and counseling, to fitting and verification. Simple to use user test functionality ensures configurable, consistent and smooth workflows that can be customized to suit individual needs. And you work in a single software environment across modules. The result is a better fitting experience – for you and for your client.

**About Natus**

A leader in hearing and balance products and solutions, Otometrics was acquired in 2017, and is now known as Natus. For almost 60 years, we have been helping clinicians improve the quality of life for their clients and patients by delivering expert knowledge, reliable solutions and services and trusted partnerships. We continue to develop, manufacture and market audiological, otoneurologic and vestibular instrumentation in more than 80 countries under trusted brand names, including Madsen®, Aurical®, ICS®, Otoscan® and Bio-logic®. Natus Medical Incorporated is the global brand clinicians depend on when diagnosing and treating disorders of the central nervous and sensory systems to improve patient outcomes.
